Subject: GC Training

A new version of Chemstation has been installed on GC # 1, 2, 3, and 4 and the instruments are ready to be used. However, before chemists start using the instruments I'd like to schedule training classes for everyone with 2-3 people in each class. Once training is completed, chemists can start using the instruments for their samples. Please drop into GC/MS to schedule a class time.

Thanks
-Peter
